COMMENTS

Mayor Grove introduced Olivia Doak with Shaw Media.

Alderman Lavieri mentioned that his neighbor complained that he went out to dump some evergreen branches after 2:30 p.m. one day and the gate was closed. He mentioned that two signs say 3 p.m. Mayor stated that the sign will get changed. City Workers do leave at 3pm but they are leaving the one building down by the burn pile by 2:30 p.m. and head to the main building by 3 p.m. For the summer months, the gate will be open on the 3rd Saturday a month for June, July, and August.

Attorney McPhedran commented that the Supt of Public Works stated that the site is regularly monitored at the present time.

Alderman Reynolds would like to see alleys spruced up and no amount available for the city alleyways.

Mayor did state that Alderman Reynolds and Alderman Ptak will have a few alleyways getting done this year in their ward. Mayor also mentioned that it does cost more to do any alley than a street because of the specialized equipment that is needed for an alleyway narrowness.

Mayor Grove asked Alderman Crane if the oil and chip option would be beneficial as an alleyway option. Alderman Crane said it would not be the right choice. Gary Hammers asked if old grindings/leftovers would work from other road projects. Alderman Crane thought that option could work for temporary applications. A lot of old grindings did get spread at the new park. Crane did state that everything is about the base of a surface. Alderman Crane thought that when redoing some of these alleyways, the city may have to start from the bottom to create a good base to last a longer time.

Alderman Herndon did state that the streets are getting better and there are 5 alleys currently in the 2022 program.
